DESCRIPTION

The much-anticipated debut album from Leeds post-punk power-trio and 6Music favorites **Objections**. *Optimistic Sizing* is comprised of ten kitchen-sink dramas, ten miniature worlds to lose yourself in. The key topics are covered: performative royal mourning, ill-suited sexual relationships, coastal gentrification, motormouth bigots and – of course – snogging. These tales of 21st century existence are set to a musical backing that is joyous and wild. The guitar operates as a detonation device, a musical firework display to energize and punctuate the songs. The bass anchors with irresistible melodic and rhythmic hooks. The drums make complex and dizzying patterns seem effortlessly human, natural and always very, very danceable. Objections might follow the **Minutemen** music-as-socialism blueprint but rather than be constrained by these apparent limitations, they are somehow freed by them. That real estate might be clearly divided but it is vast, limitless, and ready to be explored. Objections formed in the post-lockdown period after drummer **Neil** and guitarist **Joe**'s former band (and cult favorites) **Bilge Pump** slowed to an amicable halt. They wanted to continue the musical dialogue they had built up over decades and turned to **Claire Adams (Nape Neck, Beards)** to start something new and Objections was born. Pink vinyl limited to 200 copies. FFO: **The Casual Dots, The Ex, The Slits, Gang Of Four, No Means No, Erase Errata**.
